# toughened glass

The hectic hospitality environment means glassware needs to withstand wear and tear while still adding style. Our unrivalled range of toughened glassware includes a wide range of tumblers, stemware and exclusive shapes.

When toughened glass finally does break it will break into small fragments making it the obvious choice for outlets following license stipulations or those seeking to prevent glass related violence.

Our featured ranges:  
**Moda Toughened Gin P 5**  
**Montez Cocktail P 7**  
**Malmö P 18**

Our exclusive Beer Collections:  
**Bob & Nevis P 16**  
**Aspen P 17**

# TOUGHENED GLASSWARE

---

Fully toughened glassware has been strengthened across its entire body making the glass resistant to damage at all points. This makes the glass stronger than regular annealed glass. When toughened glass does break it will break into small fragments making it impossible to cause serious lacerations. Increased durability reduces replenishment, saving money.

Toughened glass is treated by using extreme heat and then cooling rapidly which balances the tension stored in the glass core.

The glass tension makes the glass strong and much more resistant to a mechanical and thermal shock.

Tension gives safe break characteristics, meaning once broken no shards or sharp edges are left

Toughening is across the whole glass, including the stem for safety
