PEARL & TERRA

We absolutely love these beautifully crafted dishes and bowls; each piece designed to elevate the dining experience. Pearl is a true showstopper: its luminous, glossy white surface creates the perfect backdrop for culinary artistry, allowing chefs to present their creations with elegance and precision. In contrast, the Terra collection celebrates the warmth and authenticity of ceramics. With its rich, earthy tones, Terra offers a more organic and grounded aesthetic; ideal for creating inviting, characterful presentations.

Whether you are drawn to the sleek radiance of Pearl or the natural charm of Terra, both collections bring a unique sense of style and warmth to the table, transforming every meal into a memorable experience.

As part of our commitment to a more sustainable future, we are proud to introduce a new collection, A New Life, crafted from recycled materials. This marks the first step in our ongoing journey toward circular design and responsible production. The factory we partner with not only meets high environmental standards but also prioritizes the welfare and fair treatment of its employees.

While this is just the beginning, it represents a meaningful milestone for us; a reflection of our belief that good design and good values go hand in hand. To celebrate this step, we have added the *Circular Heart* symbol; our emblem of purpose, progress and our dedication to doing business for good within our industry.
