Evento Textiles is the producer of customised textile decorations for the hospitality and event industry. With our 15 years of experience we have obtained a very high quality standard in the market.

Thanks to our large stock in dyed fabrics and logistics by air freight, we are able to fulfil the customer's demand for customised textile decorations on a very short delivery term. Most of our European orders are delivered within 1-2 weeks, without the need for custom clearance or duties.

Evento Textiles has their own branch in the Netherlands where all goods are being imported from. This way the customer can enjoy cheaper prices, but without the hassle of customs and/or pre-paying VAT.

For the rest of the world, we ship our goods by air or sea freight directly to the country requested on a C&F (cost & Freight) DDU (Delivery Duty Unpaid) basis. Thanks to our high volumes we are able to negotiate very attractive freight charges, and in most cases even better than when the customer arranges the shipment themselves (therefore on Ex Works).

Our main focus is the customised textile decorations which include perfectly fitted covers for your chairs, tables and other furniture. Besides the products shown in this catalogue we can produce and design anything that you or your customer wish to have covered.

We look forward to a pleasant working relationship with your establishment.

Chair COVERS

Nothing is more exclusive than creating your own chair cover in an affordable way. Evento offers you tailor made chair covers; designed and fitted precisely according to your requirements. Through innovative and outstanding designs, we target to create additional value and a unique atmosphere for your events.

TABLE SKIRTING

We offer you the best options for dressing up your tables to get an elegant style and effective functioning for your events. Our stage and table skirtings are offered in 5 different pleat types; Box pleat, Diamond, Butterfly, Accordion, Plisse and without pleat, all produced by automatic pleating machines. We also offer a Dual Height Skirting. All pleat types are available in any size and dimension. Our automated system guarantees a precise and neat look thus a professional image.

Evento also provides a wide range of colours and fabric types to meet our client's specific decoration requirements.

CONFERENCE

Cloths

Evento offers many possibilities of personalising your cloths and covers. For our Senator Single Sided and Double Sided we offer embroidery options. Depending on the design of the logo we can embroider up to 100 cm in length or height. For our other fabrics we have embroidery and transfer applications available in any size or colour as required by the client. All these options are without any minimum quantity.

Please find below some of our finished projects.

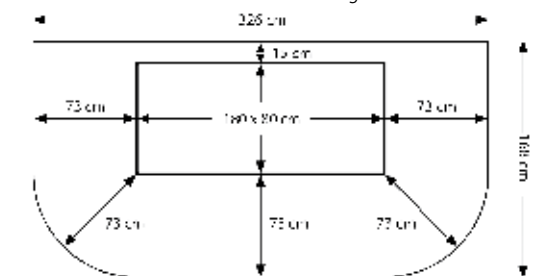

- Table height minus 1-2 cm is cloth height, in order for the cloth not to touch the floor
- Select the model:
 - Stretch cover Lyon is a fitted conference table cover from Stretch which can be produced for any kind of table. We provide our clients with the option for a 3 sided covered model or completely closed on all 4 sides.
 - Conference cover Monaco is a fixed and fitted conference cover with splits on the 2 front corners and extra flaps stitched under each split in order to hide the table legs. The cover falls down to floor level from 3 sides and the backside (seating area) has a drop of 15 cm along with 15 cm side panels so that seat comfort is guaranteed and the back table legs are not seen.
 - Conference cloth Washington is a rectangular piece of cloth with rounded corners on the front side to prevent floor touch and falls down to floor level from 3 sides of the table. The backside (seating area) has a drop of 15 cm so that seat comfort is guaranteed.
 - Conference cover London is a fixed and fitted conference cover with splits on the 2 front corners and extra flaps stitched under each split in order to hide the table legs. The cover falls down to floor level from 3 sides and the backside (seating area) has a drop of 15 cm so that seat comfort is guaranteed.

COVERS

Evento's fabric Moulton and PVC table protector are the perfect solution to create an anti-slip environment for your table cloths and to sound proof the table.

Our fabric Moulton covers are produced custom-made according to the exact table top size with an elastic fitting on the bottom. This way the cover is very easy in usage and laundry. Thanks to the large width of 220 cm we don't need to make any mid seam for larger sized tables.
